## NAVARRO COLLEGE 2013-2014 BUDGET

This document outlines the proposed Navarro College budget for the 2013-2014 academic year. This budget funds a program of growth and service consistent with the Institutional Goals, Presidential Funding Priorities, and Service-Oriented Strategies identified by the institution.

Following are the institutional and the presidential goals for the 2013-2014 academic year:

1. Increase student enrollment during the 2013-2014 academic year by at least $3 \%$ and generate the student contact hours with enrollment projections for the institution.
2. Continue to develop and implement strategies designed to enhance student engagement.
3. Ensure student demographics of the district reflect the ethnicity of the service area by increasing access to underrepresented student populations.
4. Strengthen Navarro College's presence in Ellis County and expand partnerships with business, industry and the community throughout the district's service area.
5. Implement strategies to increase the persistence and retention of students.
6. Employ and sustain a quality faculty and staff and cultivate an environment that contributes to the success of all employees.
7. Develop strategies to ensure that the population of residence life students reflects the demographics of the entire student population.
8. Expand and enhance technology needed to support educational programs, organizational structures and student success.

## Presidential Goals

1. In collaboration with the Board, ensure a smooth transition into the Presidency.
2. Gain awareness and understanding of all communities served. Identify opportunities for strengthening relationships with external partners.
3. Promote and enhance student success, retention and persistence.
4. Advance the enrollment goals of the Board by implementing outreach, recruitment and marketing strategies.
5. Promote innovation throughout the organization and identify opportunities for enhancing and expanding resources.
6. Provide leadership to master facilities planning and development needed to meet the educational needs of the service area and to improve the overall learning environment for students.
7. Promote a positive campus climate and maintain a quality educational environment designed to attract and retain students and employees. Identify opportunities for recognizing the contributions of faculty and staff.
8. Provide leadership needed to ensure compliance with accreditation standards. Develop organizational strategies in preparation for the 2016 reaffirmation process.
9. Promote campus safety through the identification of training programs, the use of technology, and the implementation of best practices.
10. Participate in professional development opportunities to strengthen leadership skills and expand knowledge of current issues in higher education.

Table I displays a comparison of the 2013-2014 budget with the prior year's budget, 20122013. With the exception of the Debt Service \& Plant Funds, all major funds project a three percent (3\%) increase in student enrollment. The Education and General Fund, specifically student income and grants and contracts, is expected to increase during the academic year as new funds accrue to the college. The Debt Service Fund includes all revenue bond payment
requirements including the second of five payments of $\$ 1$ million to repay the $\$ 5.5$ million in new funds associated with the 2012 re-issuance of the 2003 Revenue Bond Series for construction of a classroom and physical plant buildings on the Waxahachie campus. The College District has a commitment to repay this amount within five (5) years by increasing the annual debt service payment by $\$ 1$ million over the next five (5) years, 2013-2018. The Plant Fund has a total of $\$ 2,945,018$ budgeted. These funds will be used to complete the Waxahachie construction projects (classroom building, $\$ 1,525,000$; physical plant building, $\$ 170,000$ ), the renovation of the leased space in Corsicana for the cosmetology program in the amount of $\$ 250,000$, and the construction of the administration building in Mexia at $\$ 1,000,018$. Student Financial Aid funds, although lower than last fiscal year, remain inflated due to continued high levels of student PELL Grant awards and large student loan disbursements.

## Educational and General Fund

The Educational and General Fund is the most significant fund in the college budget, representing $42.4 \%$ of the total revenues and expenditures. The major sources of revenues for
the Educational and General Fund are: student income, local appropriations (Tax Assessments), State Appropriations, Federal Grants/Contracts, and other sources. (Table II, page 13).

## Student Income

Student income from tuition and fees represents $43.9 \%$ of the Educational and General Fund revenues. The 2013-2014 budget projects student income at $\$ 21,583,323$, a decrease of $\$ 1,418,613$ over revenues budgeted in the prior year, 2012-2013. The college is budgeting a $3 \%$ increase in student enrollment for 2013-2014, based on the student body composition of $81 \%$ out-of-district students and $19 \%$ in-district students. A board approved reduction in tuition and fee charges for both, out-of-district and in-district students enrolled in dual credit classes resulted in a decrease of $\$ 568,802$ of budgeted tuition revenues. Another factor causing the decrease in student income is the reduced projected student enrollment increase percentage, from $5 \%$ in the FY 2012-2013 to $3 \%$ in FY 2013-2014. The 2013-2014 tuition and fee revenue estimates includes the changes that the Board of Trustees approved on July 18, 2013.

- Increase in In-District Tuition rates of \$1 per semester credit hour (SCH), effective Spring $2014(\$ 22,112)$
- Increase in Out-District Tuition rates of $\$ 2$ per SCH, effective Spring $2014(\$ 177,012)$
- Increase in Building Use Fee of $\$ 2$ per SCH, effective $2014(\$ 229,836)$
- Increase in Out-District Fee of $\$ 2$ per SCH, effective 2014 ( $\$ 185,722$ )

The proposed increase will generate approximately $\$ 614,682$.
Shown below is the cost for a typical student enrolled in 12 semester credit hours at Navarro College. Note that the total cost for 12 SCH at Navarro College continues to be less than the state average.

| It is the professional opinion of the college administration that other community colleges in the State of Texas will be increasing their tuition and fees effective fall 2014. If tuition and fees are increased, students attending Navarro College will be paying a much lower fee that the state average. |  |  |  |

## Local Appropriations

The certified appraisal values of the College District, provided by the Navarro County Central Appraisal District, reflect taxable property values at $\$ 2,765,697,752$, a slight decrease of $2.5 \%$ compared to the previous year $\$ 2,774,259,367$. The present district tax rate of $\$ 0.119$ per $\$ 100$ of assessed valuation, at $95 \%$ collection and with delinquent tax collection, will yield a tax levy of $\$ 3,126,621$. This amount represents $6.4 \%$ of the Educational and General budget and 2.7\% of the College District's total budget.

## State Appropriation

The College District will earn $14 \%$ of its total budget from state appropriations based on student enrollment data submitted to the State of Texas. The appropriated amount the College District will receive in 2013-2014 is $\$ 16,262,313$, an increase of $\$ 506,902$ over the previous year, due to a change in funding methodology. Instead of a straight contact-hour reimbursement, the State of Texas adopted a three-part funding structure recommended by the Texas Association of Community Colleges (TACC) called the Texas Success Initiative. This new funding methodology
provides a flat amount for each of the fifty community college districts for core operations ( $\$ 500,000$ ), student success points (Performance Based Funding) ( $\$ 1,335,650$ ), and contact hour funding ( $\$ 14,426,663$ ). In addition, the College District will receive $\$ 1,387,971$ for Group Health Insurance and $\$ 136,098$ for the Optional Retirement Program. State grants, such as Texas Workstudy, Adult Basic Education, Nursing Shortage, Texas Workforce Commission Skills Development, and Small Business Development Center will also generate $\$ 1,181,698$. This brings the total amount in state-appropriated funds for the Coliege District to $\$ 18,968,080$.

## Federal Grants

Federal grants are projected to provide $\$ 2,518,498$, reflecting an increase of $\$ 659,156$ from the prior year. This increase is due to the College District's receipt of the Shalenet grant from the Department of Labor $(\$ 824,254)$. Small reductions in the following federal grants the College District continues to receive are also reflected in this proposed budget: Federal Workstudy ( $\$ 227,730$ ), Adult Basic Education $(\$ 339,420)$, Carl Perkins $(\$ 592,570)$, and TrioStudent Support Services $(\$ 354,869)$. Additional grant funds will be added to the budget throughout the academic year (2013-2014) as a result of amount changes in existing grants and new grants the college may receive during the year.

## Other Sources

Other Sources of income are budgeted at $\$ 2,980,770$. These other sources of income accrue from event ticket sales, summer camps, student orientation, museum and planetarium admissions, testing fees, interest income, and other miscellaneous items. The amount also includes $\$ 2,438,952$ from prior year appropriation, of which $\$ 1,000,018$ will be transferred to the plant fund to fund the construction of the Mexia administration building. The remaining $\$ 1,438,952$ will be used to fund new faculty and staff positions, a $1 \%$ one-time salary bonus,
equipment and software purchases, preparation for the next accreditation visit in 2016 (SACS), and deferred maintenance.

## Educational and General Fund Expenditures

Several initiatives have been funded this budget year. Twelve (12) new full-time faculty positions and one (1) support staff are included in this budget. The new faculty positions include three (3) on the Corsicana campus (ADN, PASS Letters, and one faculty member to be shared by Industrial Maintenance/Automation and the Petroleum Technology Program); three (3) on the Waxahachie campus (Physical Science, PASS Letters, and PASS Math); two (2) on the Mexia campus (PASS Letters and Social Sciences); and four (4) on the Midlothian Campus (two Physical Therapy and two Occupational Therapy). The support staff position on the Corsicana campus is an Academic Advisor.

A contingency of $\$ 100,000$ has been established to fund faculty salaries during both summer semesters in 2014 and to sustain the budgeted three percent (3\%) growth in student enrollment. The College District's share for Group Health Insurance (GIP) contingency is budgeted at $\$ 992,029$ to supplement the state's amount of $\$ 1,387,971$ in the GIP appropriation for employee health insurance. Since the state will only fund $50 \%$ of Teacher Retirement System (TRS) and Optional Retirement Plan (ORP) as part of the agreement the TACC made with the legislature, the remaining $50 \%$ must be absorbed by the College District, which amounts to $\$ 622,487$ ( $\$ 486,389$ for TRS and $\$ 136,098$ for ORP). The budget for building insurance, utilities, custodial, and grounds maintenance at all campuses has been increased by $\$ 87,607$ to accommodate the increased usage costs for new building projects currently under construction (classroom and physical plant buildings on Waxahachie campus) and the construction of the administration building on the Mexia campus. Deferred Maintenance was reduced to $\$ 150,000$ from $\$ 200,000$
the previous year, $\$ 175,000$ has been budgeted for new equipment and $\$ 90,166$ for computer software licensing and server replacement.

During the July 18, 2013 board meeting, the Board of Trustees approved a one-time one percent (1\%) bonus for employees. These funds have been distributed in the corresponding departmental accounts.

Below is a summary of new expenditure plans for the Educational and General fund budget:
A. Summer 2014 Faculty Salary Contingency
\$ 100,000
B. Group Health Insurance
\$ 992,029
C. Utilities Budget
D. Equipment Contingency
E. Deferred Maintenance
\$ 87,607
\$ 175,000
\$ 150,000

Table III, page 14, shows the major expense components of the Educational and General Fund budget. As noted in the chart below approximately $65 \%$ of the Educational and General Fund resources are allocated to personnel cost.

Educational and General Fund
Expenditure Summary
Proposed 2013-14 Budget

## Debt Service Fund

The college will make the following debt service payments during fiscal year 2013-2014 to reduce its revenue bond debt:

|  | Principal | Interest | \# Payment |  |
| :--- | ---: | ---: | ---: | ---: |
| a. 2006 Revenue Bond Series | $\$ 160,000$ | $\$ 96,385$ | $(8$ of 20) |  |
| b. 2007 Revenue Bond Series | $\$ 150,000$ | $\$ 112,200$ | $(7$ of 20) |  |
| c. 2009 Revenue Bond Series | $\$ 155,000$ | $\$ 159,372$ | $(5$ of 20) |  |
| d. 2012 Revenue Bond Series | $\$ 1,845,000$ | $\$ 725,950^{*}$ | (2 of 16) |  |
|  |  | $\$ 2,310,000$ | $\$ 1,093,907$ |  |

For fiscal year 2014, a total of $\$ 3,403,907$ will be required to service the principal and interest due on existing revenue bond covenants. The payment of revenue bonds is funded primarily by a building use fee assessed to all students, except students enrolled in dual credit classes taught at the Independent School Districts. During fiscal year 2014, the College District projects approximately $\$ 4,128,845$ in building use fee revenues.
*Note: Beginning with fiscal year 2012-2013 for five (5) consecutive years, the principal amount for the 2012 Revenue Bond issue will increase by one (\$1) million due to the $\$ 5.5$ million of new revenue issued with the refunding of the 2003 Revenue Bond Series for construction of the classroom and physical plant buildings in Waxahachie. This strategy will continue for years 2014 - 2017. In 2018, after the $\$ 5.5$ million from the 2012 Revenue Bond Series is retired, the College District's fotal debt service payment will be reduced by $\$ 1$ million to $\$ 2,235,656$.

## Plant Fund

The Plant Fund budget includes funding for the following construction projects within the College District district.

1. Classroom Building - Waxahachie
2. Physical Plant Building - Waxahachie
3. Administration Building - Mexia
4. Renovation of Leased Space

Cosmetology Program - Corsicana
Total
\$1,525,000
\$ 170,000
\$1,000,018
\$ 250,000
\$2,945,018 (approximate)

This information is shown on pages 51 and 52.

## Auxiliary Enterprises Fund

Navarro College operates and manages an extensive and profitable Auxiliary Enterprise Program. The projected revenue from auxiliary services in 2013-2014 is approximately $\$ 12,346,876$. These funds are used primarily for the operation and maintenance of the residence halls, dining services, and the college bookstores. The Auxiliary Fund revenues are displayed on pages 52-54 in the budget detail.

The College District also maintains a successful Intercollegiate Athletics Program. The cost of intercollegiate athletics is projected at $\$ 2,411,146$ and an augmentation of $\$ 1,495,470$ in Auxiliary Fund revenues has been aliocated to the intercollegiate athletics program for the 20132014 academic year to sustain the program. An additional $\$ 915,676$ from the Educational and General Fund, specifically student income, is allocated to the intercollegiate athletics program to fund athletic scholarships.

The projected cost of Intercollegiate Athletics in 2013-2014 follows:

| Athletic Contingency | $\$ 150,000$ |
| :--- | ---: | ---: |
| Student Athlete Travel | 59,790 |
| Athletic Training | 59,936 |
| Baseball - Men | 302,689 |

| Softball - Women | 282,922 |
| :--- | ---: |
| Basketball - Men | 245,620 |
| Cheerleading | 112,462 |
| Football | 785,743 |
| Soccer - Women | 247,546 |
| Volleyball | 164,438 |

$$
\text { Total } \quad \$ 2,411,146
$$

The goal of the administration is to operate each Auxiliary Enterprise as a profitable cost enterprise for the college. Audited financial reports from previous fiscal years attest to the profitability of these operations.

## Student Financial Aid Fund

The Student Financial Aid Fund has several major elements:

| Scholarships | \$ | $2,543,728$ |  |
| :--- | ---: | ---: | ---: |
| Student Loans |  | $25,000,000$ |  |
| PELLL \& Educational Opportunity Grants |  | $20,211,955$ |  |
| College Work-Study Program |  |  | 227,730 |
|  |  |  |  |
|  | TOTAL | $\$ 17,983,413$ |  |

The Student Financial Aid Fund (41.4\%) represents the College District's second largest fund. Although, enrollment has decreased during the past two years, and in spite of congressional changes enacted at the federal level affecting PELL Grant awards and the student loan program, the financial aid fund continues to remain strong. For 2013-2014, annual PELL Grant awards have increased to $\$ 5,645$ from $\$ 5,550$ per eligible student. All student financial aid is fully automated and may be accessed on the internet. Funds are electronically transferred from the student account to the college account when the student registers for classes, incurs a
purchase for textbooks, remits payment for on-campus housing, and purchases meals in dining services.

With the exception of scholarship funds, all financial aid programs are funded by the federal and state government. As a continuing attempt to bring diversity in our student housing population relative to the on-campus student enrollment, $\$ 100,000$ in room-and-board scholarships has been allocated to cheerleading, band, and drama.

## Summary

This balanced budget provides funding for the inclusion of service-oriented strategies to meet the needs of our student body. It also provides recognition to our valued employees for their dedication and commitment to Navarro College.

The 2013-2014 budget provides the basis and funding for achieving the institutional goals identified in the District's Strategic Plan 2010-15. We look forward with confidence and enthusiasm to the ensuing academic year and the challenges the new academic year 2013-2014 may bring.
