### 972 Navarro College

---

#### Administrator's Statement

Navarro College is governed by a seven-member Board of Trustees whose members reside within Navarro County and are elected for six-year terms. Phil Judson, Chairman,

2023-2029, Corsicana, TX; Richard L. Aldama, Vice Chairman, 2021-2027, Corsicana, TX; Faith Boyd, Secretary/Treasurer 2025-2031, Corsicana, TX; A.L. Atkeisson, 2021-2027, Kerens, TX; Loran Seeley, 2025-2031, Corsicana, TX; K.C. Wyatt, 2023-2029, Corsicana, TX; and John Paul Ross, 2025-2031, Frost, TX.

#### Significant Changes to Policy

Navarro College now offers a Bachelor of Science in Nursing. The program began in fall of 2023. House Bill 8 for Texas public community colleges has shifted the focus from enrollment only to credentials and the completion of credentials and degree programs for students. Additional resources have been allocated to student services to assist students in successfully attain their goals. Additionally, due to the implementation of FAST funding for dual credit, the college has had an increased need for credentialed faculty for dual credit students, along with funds needed to supply educational materials for FAST students, creating a need for additional funds in the budgeting process. The impact of the FY24-25 state funding based on outcomes has been positive due to growth in the dual credit and workforce programs. Navarro College offers several

high-demand credential programs that have positively affected state funding. The increase in TEOG funding has allowed additional students to attend college by assisting them in meeting their financial obligations.

#### Significant Changes in Provisions of Service

The Navarro College district represents a large rural area in North Central Texas. The service area for the college comprises five counties - Navarro, Ellis, Limestone, Freestone and Leon and totals approximately 5,000 square miles. The Board of Trustees believe students within the service area should have access to Navarro College without having to commute an unreasonable distance to attend classes. Because of this philosophy, population, and the geography of the service area, Navarro College has campus locations in Navarro County (Corsicana), Ellis County (Midlothian and Waxahachie), and Limestone County (Mexia).

The only county providing ad valorem taxes to the college is Navarro County, which represents 18.39% of the total General Fund revenue. Approximately 14% of students attend from Navarro County, and 86% are out-of-district, international or out-of-state students. These statistics show the disparity between in-district and out-of-district students.

Navarro College receives 45.92% of its revenue from tuition, fees, room, and board. Students attending Navarro College from the four non-taxing counties remit an out-of-district fee to cover the cost of delivering instruction and educational programming. These funds are inadequate to fully support both the educational infrastructure and facility program needs of students within the college district, and each year, the college faces an opportunity to balance the annual budget while providing those infrastructure resources.

New expanded dual credit offerings include Cosmetology, EMS, and Fire Science certification programs. Navarro College has added advisors and navigators to assist with the increased dual credit enrollment and to support student completion. Providing educational materials to FAST students has increased costs to the college. Additional programs now include Federation for Advanced Manufacturing Education (FAME) and RV Tech.

#### Significant Externalities

The cost of maintaining campus facilities and infrastructure resources in the non-taxing counties requires an out-of-district fee which can become a financial burden for some students. Maintaining these out-of-district fees at a minimum without either a maintenance tax or ad valorem tax, limits the total revenue available to the college based on the current funding model for community colleges. The college must be strategic when considering increases in out-of-district tuition and fees because of Freestone, Limestone, and Leon counties are "very low wealth" districts, and Ellis County is near the Dallas and Tarrant County Community College districts, which use their large tax bases to maintain a lower out-of-district fee. Previous attempts have been made to encourage out-of-district residents to consider a maintenance tax to

assist in funding the cost of education. These attempts have not been successful to date

Background checks are conducted on all full-time, part-time, intern, and volunteer positions as permitted by the Texas Government Code, Sec.411.094 and Texas Education Code, Section 61.003 (8), and consistent with the college's human resources policies and procedures.

The college continues to seek new grant opportunities such as the TRUE, Nursing, and Workforce Commission grants. These grants help supplement the budget by allowing additional funds for salaries, equipment, and supplies for these programs.

Our college fully supports the Texas Association of Community Colleges (TACC) Formula Funding and Supplemental Request, per letter dated August 14, 2026.

In order to build momentum on the community college sector's achievement of substantial performance improvement and preserve the dynamic incentives of the funding model, Navarro College respectfully request the Texas Legislature fully fund a supplemental amount equal to the gap between current state appropriations and the performance funding amounts earned by colleges during Fiscal Year 2026 and Fiscal Year 2027 according to the rules, rates and weights set by the Texas Higher Education Coordinating Board (THECB).

The combination of sustained growth in student performance outcomes and the goal-oriented funding rates established under the Community College Finance Program has resulted in a level of performance funding that exceeds current Fiscal Year 2026-27 appropriations. This funding shortfall may continue to grow if current performance trends hold through the close of the biennium. THECB will determine the definitive supplemental amount as colleges finalize data submissions and report FY26 outcomes.

Additionally, colleges respectfully request that the Legislature fully fund the community college formula for Fiscal Year 2028 and Fiscal Year 2029 based on THECB's performance forecast, which will be developed in collaboration with the Standing Advisory Committee for Public Junior Colleges . Funding at these levels will provide additional certainty for colleges investing in student achievement of credentials of value, including short-term workforce credentials, dual credit attainment, and transfer. State funding supports colleges' focus on providing the most affordable paths to workforce -aligned credentials, transfer opportunities, and early momentum via dual credit that the state has requested in House Bill 8 (88R) and subsequent legislation.

❖ **Board of Trustees:**

- **Phil Judson - Chairman**
- **Richard Aldama – Vice Chairman**
- **Faith Boyd – Secretary/Treasurer**
- **Alton Atkeisson – Board Member**
- **Loran Seely – Board Member**
- **Kim Wyatt – Board Member**
- **John Ross – Board Member**
