

JOHN DEERE TECH

Student Sponsorship Agreement

This agreement is between the sponsoring John Deere dealership and the student named below.
Both parties must sign to confirm sponsorship

The John Deere dealership agrees to provide the student with a laptop, uniforms and to appoint a coordinator, typically the service manager, to serve as liaison between the dealership and Navarro College. The dealership also agrees to employ the student during semester breaks while enrolled in the John Deere TECH Program. Practicum assignments will take place during each winter break and the summer session. College credit will be awarded for satisfactory work experience. Work assignments will align with recent classroom instruction. Wages for employment will be mutually agreed upon but will not be less than minimum wage.

The students agree to follow all Navarro College policies as outlined in the Student Handbook and to maintain a minimum 2.5 grade-point average. The student will wear the uniforms provided by the dealership while attending class and designated school functions. The student further agrees to provide responsible and productive work while at the dealership, to work in a safe and professional manner at all times, and to allow Navarro College to share program-related records with John Deere Company and the sponsoring dealership.

This sponsorship agreement may be terminated if the student fails to maintain satisfactory academic or work performance, or if the student does not meet John Deere's entrance requirements.

John Deere TECH | Dealer Approval Form

Student Name (PLEASE PRINT): _____ Telephone: _____

Student Address: _____ City _____ State: _____ Zip: _____

Agriculture Mechanization Area of Interest: ☐ Large Equipment ☐ Small Equipment ☐ Parts
